

4. Bright

The theme running through these colours is joy at being alive. They are inspired by travels to southern countries, whose colours have been adapted to our light conditions.

Possible applications: Colour accents for cheerful living rooms, creative working atmosphere, nurseries, schools, hospitals, physical recreation. Single walls.

Lifestyle: Mediterranean.

Associations: Encounter, friendliness, play.

5. Accent

A confident colour accent stimulates the human imagination. Saturated colours have a markedly energising or exciting effect.

Possible applications: Accent colours for the contemporary vision in large areas, examples include shopping centres and hotel/office foyers. Readily combinable with whites or the Pure colour group.

Lifestyle: Urban.

Associations: Confidence, presentation, media influences.

THE REVOLUTION ON THE WALL

- New colours!
- New formulations!

panDOMO®
Wall

1. Light

Light - coloured walls enhance a room's visual appeal and have a stimulating effect on our mood.

Possible applications: It's versatility allows it to be used in both public and private buildings that have a modern and elegant character. Potential applications include offices, workplaces schools and public buildings. The discreet colours lend themselves brilliantly to large areas of wall.

Lifestyle: Contemporary.

Associations: Vigour, practicality, elegance.

2. Natural

The muted colours of the natural shades create a sense of security. In the room these colours often have the effect of diffused, soft daylight.

Possible applications: Versatile, usable predominantly in private rooms or superior country house-style restaurants.

Lifestyle: Country house.

Associations: Timelessness, tranquil, security, tradition.

3. Pure

Achromatic greys are close to the colours we see in nature; they come across as "real". They are excellent at letting the room, shapes and other colours speak for themselves.

Possible applications: Modern high-rise buildings, lofts, minimalistic furnishing styles, new modernity. Design-oriented living, dining and shopping.

Lifestyle: Loft, minimalism.

Associations: Reduction, elegant reserve, calm.
